Up to 500 feet of range

Experience the best in long-range coverage and clarity, provided by a unique antenna design and advances in noise-filtering technology.

Secure magnetic charging cradle

A magnet anchors the headset in the cradle to ensure a full charge every time.

DECT 6.0 technology

This technology provides superior-quality voice and sound, high protection against wiretapping and better range than 2.4GHz and 5.8GHz phone systems, while not interfering with wireless routers.

Additional Features

- Accessory Headset Only.
The TL7800 wirelessly pairs to the TL7810 and TL7812 cordless headsets. Additionally, it can be paired with many other AT&T DECT 6.0 corded and cordless telephone systems for even more expansion possibilities.
